

Greetings!

What is Living Spring?

This question continued to being asked.

I struggled with some words and expressions which, however, never seemed *quite* to fit: Monastery? Center? Ashram? even Community?

When Daniel de Juan was here as guest, he didn't ask me the question - but asked within and received an immediate answer: **O A S I S**.

I knew right away that that is exactly what Living Spring is!

Both Living Spring and Oasis are identical and One:

The place where the hungry may find the bread and water of life.

Love

Christa
